This wonderful two bedroom property is conveniently located on the end of the terrace with a gated side access and double length driveway to the front. The property has a front garden (mostly non-existent in new houses nowadays) and a lovely rear garden with raised decking.

Inside there is separate hallway leading to the re-fitted kitchen and at the rear a living room with doors out on the rear garden with shed. Upstairs are two bedrooms, the master with a useful spot for a wardrobe or to build one in. The immaculate bathroom has a three piece suite with shower over bath.
