A beautifully presented home that you're sure to fall in love with the moment you walk through the door, due in no small part to the fact the current owners have looked after & cared for this property throughout their residency. With incredible extended reception space that includes a separate dining area with log burner for those cold Northumberland winters, a South facing garden for entertaining & enjoying in the Summer months, plus the added benefit of a large driveway to the front for multi-car families and visiting guests. A key bonus not often found within two bedroom homes is the utility room off of the kitchen offering side access to garden. If it's a well located spacious two bedroom home with inviting reception space, fantastically presented from the front door in with the benefit if off street parking and a garden that points the right way, please call Alistair & Laura to confirm a viewing appointment.
