This is a very spacious home for the money, that has been tastefully refurbished from top to bottom following a complete overhaul from the bare bricks back.

There are three bedrooms (2 doubles) at first floor level, complimented by a three-piece family bathroom. At ground floor level you are presented with a fantastic open plan reception space that allows natural light to flood in from both ends. You also have an eye-catching exposed brick fireplace that is crying out for a log burner installation & beyond the re-fitted kitchen, there's a separate WC. Externally you'll find on street parking to the front, allocated parking to the rear, with the added bonus of an enclosed rear courtyard. If you are looking for a 'turn-key' property that offers the generosity of 'period-home dimensions' with no complications or onward chain, your search ends here. Please reach out to Ali & Laura for viewing access availability.
