Located within a cul-de-sac in the heart of Bedlington's Hazelmere estate, we are introducing this well proportioned family to the local sales market, aimed directly at those families either stepping up to something a little more substantial than their current arrangement or those in search of downsize but still need those extra bedrooms for visiting guest & grandkids. There are four bedrooms, two of which have builtin storage with an en-suite shower room off the principal front aspect bedroom. The first floor accommodation is completed by a three-piece family bathroom and airing cupboard. The ground floor offers a brilliant front 2 back double reception room with direct access to the more than ample garden area. Alongside the kitchen this home benefits from a separate utility room and downstairs WC meaning this house does pretty much have it all. The integrated garage and 2-car driveway complete the checklist for this inviting home.
