- REF DH0109

A home with flexible accommodation set in a no through road setting within the hugely desirable village of Upton St Leonards. The 'tardis' like property appears a modest bungalow from the front but upon opening the front door the scale of the accommodation becomes apparent. The home is currently configured with 3 bedrooms, but was originally designed as 5 bedrooms with an outstanding master bedroom suite on the first floor and the further bedrooms on the ground floor. The property is complete with garage and parking and private gardens. REF DH0109
